Agreements - made with the client

We agreed on the following deliverables with our client Postma, André A. who is the organizer of the cultural event:

- **1 website**
 - ❑ It will display nicely on a laptop but also on a mobile phone.
- **7 applications**
 - ❑ An application to check-in and check-out for the event
 - ❑ An application for check-in and check-out for campsite
 - ❑ An application for the shops
 - ❑ An application for loan stands
 - ❑ An application for reservation
 - ❑ An application for the ATM machine
 - ❑ An application for status information which is only for the manager use.

Processes

Use cases - website

Name: Enter Homepage

ID: UC01

Actor: Visitor

Precondition: Actor goes into the website of the event.

Main success scenario:
