MINUTES SUMMARY

Date: 18.12.2018

Time: 12:00 - 12:45

Members in attendance:

- Hartingsveldt, Stan S. Van - Project Tutor
- Cheperkova Nadya - Project Leader
- Ezeh Chioma Jane - Project Member
- Lazarevic Stefan - Project Member
- Jiazheng Zhu – Secretary

Agenda
- Show the website, the applications and discuss the current progress

Notes
- The meeting started by discussing some issues with the website then the meeting continued with reviewing all the applications

For the Website
- The tutor tried to understand our issue with PHP and he helped us to solve the problem

For the Application
- **Loan Application –** For the return it would be nice if in the database, it is stored the returned date and a short description of the returned state

- **Camping Applications** – it was perfectly made only the information for the customer can be displayed in separate lines and the message for ticket type should be changed

- **Check in/out Application and Assign RFID Application** – completely finished; it would be nicer if the message for successfully checked out is green

Work division for next week
